# Montana Disability & Health Update

December 2011, Issue 4

# Healthy People 2010 Results for Adult Montanans with and without Disabilities

Approximately 20% of U.S. adults have a disability. This report provides updates on Healthy People 2010 objectives for Montana adults with and without disabilities using 2005 to 2010 BRFSS data. Demographics and Health Status updates on Montana adults with and without disabilities are provided in Issues 2 and 3 of this series, respectively. For more information on the health of Montana adults, go to http://brfss.mt.gov/html/assessing\_risks.shtml

For more than 25 years, the Montana Behavioral Risk Factor Surveillance System (BRFSS) has gathered information via telephone survey from adult Montanans about a wide range of behaviors affecting their health. Beginning in 2001, two disability survey items were included as a core module in the BRFSS survey, which allowed for reports on health indicators for adults with disabilities (e.g., Cummings, Oreskovich, &Traci, 2005).

Overall, Montanans with disabilities compare positively to those without disability in attaining the following four Healthy People 2010 objectives:

- 1) usual primary health care provider (87%, 69%),<sup>1</sup>
- 2) regular blood cholesterol screening (79%, 70%),<sup>2</sup>
- 3) immunizations against influenza (71%, 62%)<sup>1</sup> & pneumococcal disease (80%, 66%),<sup>1</sup> and
- 4) lower overall prevalence of binge drinking (11%, 19%).<sup>1</sup>

Conversely, Montana adults with disability reported significant health gaps and disparities in the attainment of 10 other Healthy People 2010 objectives as compared to Montana adults without disability:

- 1) chronic joint symptoms and arthritis (75%, 21%),<sup>2</sup>
- 2) clinically diagnosed diabetes (132 per 1000, 48 per 1000), <sup>1</sup>
- 3) high blood pressure (46%, 23%),<sup>2</sup>
- 4) high blood cholesterol (47%, 33%),<sup>2</sup>
- 5) clinically diagnosed cardiovascular disease (19%, 4%),<sup>1</sup>
- 6) asthma (15%, 7%), 1
- 7) cigarette smoking (26%, 17%),<sup>1</sup>
- 8) no leisure-time physical activity (32%, 18%),<sup>1</sup>
- 9) moderate physical activity levels (39%, 50%),<sup>2</sup> and
- 10) not seeing a doctor when needed because of cost (22%, 10%).<sup>1</sup>

Healthy People 2020,<sup>3</sup> the *National Stakeholder Strategy for Achieving Health Equity*,<sup>4</sup> and the Surgeon General's Report on *Improving the Health of Persons with Disabilities*,<sup>5</sup> outlines key strategies for addressing these and other health disparities. Public health partners that use, or could organize to use, these strategies in Montana are listed at the end of this report.

<sup>&</sup>lt;sup>1</sup>BRFSS 2010: Percentages for adult Montanans with disability, and adult Montanans without disability, respectively.

<sup>&</sup>lt;sup>2</sup> BRFSS 2009: Percentages for adult Montanans with disability, and adult Montanans without disability, respectively.

## Healthy People 2010 goals<sup>7</sup> & year 2010 target

Goal: Increase the quality and years of healthy life and eliminate health disparities

#### 1. Access to Quality Health Services

Goal: Improve access to comprehensive, high-quality health care services.

		2005	2006	2007	2008	2009	2010				
1-1	Increase to 100% the number of people who have health insurance										
	ALL ADULTS	79%	83%	83%	83%	79%	82%				
	WITH DISABILITY	76%	84%	81%	84%	78%	83%				
	WITHOUT DISABILITY	79%	83%	84%	82%	79%	81%				
1-5	Increase to 85% the number of adults who have a usual primary care provider										
	ALL ADULTS	74%	74%	71%	72%	75%	74%				
	WITH DISABILITY	81%*	83%*	81%*	83%*	84%*	87%*				
	WITHOUT DISABILITY	72%	71%	68%	68%	72%	69%				
1-6	Decrease to 7% the number	er of adults	who are u	inable to ob	tain or dela	y in obtair	ning				
	necessary medical care (b	ecause of	cost)								
	ALL ADULTS	14%	12%	12%	12%	14%	13%				
	WITH DISABILITY	25%*	21%*	23%*	21%*	22%*	22%*				
	WITHOUT DISABILITY	11%	10%	9%	10%	11%	10%				

#### 2. Arthritis, Osteoporosis, and Chronic Back Conditions#

Goal: Prevent illness and disability related to arthritis and other rheumatic conditions, osteoporosis, and chronic back conditions.

		2005	2006	2007	2008	2009	2010
2-2 Reduce to 21% the number of adults with chronic joint symptoms who experienc limitation in activity due to arthritis							
	ALL ADULTS	31%		30%		46%	
	WITH DISABILITY	64%*		63%*		75%*	
	WITHOUT DISABILITY	12%		10%		21%	

#### 3. Cancer

Goal: Reduce the number of new cancer cases as well as the illness, disability, and death caused by cancer.

		2005	2006	2007	2008	2009	2010		
3-11a	Increase to 97% the number	er of wome	n 18 and c	lder who h	ave ever re	ceived a Pa	ap test		
	ALL ADULTS		94%		95%		95%		
	WITH DISABILITY		95%		97%		95%		
	WITHOUT DISABILITY		94%		95%		95%		
3-11b	Increase to 90% the number of women 18 and older who received a Pap test in the past 3 years								
	ALL ADULTS		82%		82%		78%		
	WITH DISABILITY		79%		80%		72%		
	WITHOUT DISABILITY		83%		82%		80%		
3-12a	Increase to 50% the number	er of peopl	e 50 and o	lder who h	ave underg	one a FOB	T in		
	the past two years								
	ALL ADULTS		28%		21%		15%		
	WITH DISABILITY		28%		23%		17%*		
	WITHOUT DISABILITY		28%		20%		13%		

	Healthy People 2010 goals <sup>7</sup> & year 2010 target (cont.)										
<b>3.</b> Can	3. Cancer (cont.) 2005 2006 2007 2008 2009 2010										
3-12b	3-12b Increase to 50% the number of people 50 and older who have ever undergone a sigmoidoscopy										
	ALL ADULTS		53%	56%	57%		61%				
	WITH DISABILITY		58%*	62%*	62%*		66%*				
	WITHOUT DISABILITY		51%	53%	54%		58%				
3-13	Increase to 70% the number	er of wome	en 40 and c	older who h	ave receive	d a mamm	ogram in				
	the past 2 years										
	ALL ADULTS		72%	76%	72%		67%				
	WITH DISABILITY		72%	70%*	68%		67%				
	WITHOUT DISABILITY		73%	78%	73%		68%				

#### 5. Diabetes

Goal: Through prevention programs, reduce the disease and economic burden of diabetes, and improve the quality of life for all persons who have or are at risk for diabetes.

		2005	2006	2007	2008	2009	2010			
	1					2003	2010			
5-3	Reduce to 25 per 1000 the overall rate of diabetes diagnosed									
	ALL ADULTS	57 per	64 per	66 per	65 per	68 per	70 per			
		1000	1000	1000	1000	1000	1000			
	WITH DISABILITY	109 per	115 per	134 per	135 per	141 per	132 per			
		1000*	1000*	1000*	1000*	1000*	1000*			
	WITHOUT DISABILITY	41 per	49 per	46 per	41 per	47 per	48 per			
		1000	1000	1000	1000	1000	1000			
5-12	Increase to 50% the number of adults with diabetes who have a glycosylated hemoglobin									
	(A-one-C) measurement do	one at leas	t once a ye	ear						
	ALL ADULTS	85%	85%	84%	91%	87%	90%			
	WITH DISABILITY	87%	84%	85%	93%	87%	90%			
	WITHOUT DISABILITY	85%	86%	84%	89%	88%	90%			
5-14	Increase to 75% the numb	er of adults	s with diab	etes who ha	eve at least	an annual f	foot exam			
	ALL ADULTS		73%		73%	74%	74%			
	WITH DISABILITY		77%		77%	77%	72%			
	WITHOUT DISABILITY		71%		68%	73%	74%			
5-17	Increase to 60% the number	er of adults	s with diab	etes who pe	erform self-	blood-glud	cose-			
	monitoring at least daily									
	ALL ADULTS	69%	67%	60%	61%	61%	57%			
	WITH DISABILITY	68%	70%	61%	62%	64%	57%			
	WITHOUT DISABILITY	70%	65%	59%	60%	58%	56%			

#### 6. Disability and Secondary Conditions

Goal: Promote the health of people with disabilities, prevent secondary conditions, and eliminate disparities between people with and without disabilities in the U.S. population.

		2005	2006	2007	2008	2009	2010
6-5	Increase to 79% the number emotional support	er of peopl	e with disa	bilities rep	orting that t	hey have	sufficient
	ALL ADULTS	82%	85%	83%	83%	81%	82%
	WITH DISABILITY	71%*	76%*	72%*	73%*	71%*	75%*
	WITHOUT DISABILITY	85%	87%	86%	86%	83%	85%
6-6	Increase to 96% the number	er of peopl	e with disa	bilities rep	orting satis	faction wit	h life
	ALL ADULTS	95%	97%	95%	95%	94%	95%
	WITH DISABILITY	88%	90%	86%*	90%	85%*	89%*
	WITHOUT DISABILITY	97%	98%	98%	97%	96%	97%

# Healthy People 2010 goals<sup>7</sup> & year 2010 target (cont.)

#### 12. Heart Disease and Stroke

Goal: Improve cardiovascular health and quality of life through the prevention, detection, and treatment of risk factors; early identification and treatment of heart attacks and strokes; and prevention of recurrent cardiovascular events.

		2005	2006	2007	2008	2009	2010				
Status	Number of people ever diagnosed with cardiovascular disease (heart attack, angina, coronary heart disease or stroke)										
	ALL ADULTS	7%	8%	8%	8%	8%	8%				
	WITH DISABILITY	17%*	17%*	18%*	18%*	17%*	19%*				
	WITHOUT DISABILITY	4%	5%	5%	5%	5%	4%				
12-9	Reduce to 16% the numbe	r of adults	with high	blood press	sure						
	ALL ADULTS	24%		25%		28%					
	WITH DISABILITY	37%*		38%*		46%*					
	WITHOUT DISABILITY	20%		21%		23%					
12-14	Reduce to 17% the number of adults with high total blood cholesterol levels										
	ALL ADULTS	33%		35%		37%					
	WITH DISABILITY	43%*		47%*		47%*					
	WITHOUT DISABILITY	31%		31%		33%					
12-15	Increase to 80% the number	er of adults	who have	had their k	olood chole	sterol ched	cked in				
	the past 5 years										
	ALL ADULTS	69%		71%		72%					
	WITH DISABILITY	75%*		79%*		79%*					
	WITHOUT DISABILITY	67%		69%		70%					

#### 14. Immunization and Infectious Diseases

Goal: Prevent disease, disability, and death from infectious diseases, including vaccine-preventable diseases.

		2005	2006	2007	2008	2009	2010
14-29a	Increase to 90% the non-in influenza	stitutional	ized adults	65 and old	ler vaccinat	ed annuall	y against
		700/	720/	720/	600/	600/	CC0/
	ALL ADULTS	70%	73%	73%	69%	69%	66%
	WITH DISABILITY	75%	77%*	76%	73%	72%	71%*
	WITHOUT DISABILITY	66%	70%	71%	67%	67%	62%
14-29b	Increase to 90% the non-in	stitutional	ized adults	65 and old	ler ever va	ccinated ag	gainst
	pneumococcal disease						_
	ALL ADULTS	70%	72%	73%	69%	72%	72%
	WITH DISABILITY	77%*	80%*	80%*	78%*	77%*	80%*
	WITHOUT DISABILITY	66%	66%	68%	64%	69%	66%

#### 19. Nutrition and Overweight

Goal: Promote health and reduce chronic disease associated with diet and weight.

		2005	2006	2007	2008	2009	2010				
19-1	Increase to 60% the number of adults at a healthy weight										
	ALL ADULTS	43%	41%	38%	38%	37%	39%				
	WITH DISABILITY	34%*	35%*	32%*	31%*	28%*	30%*				
	WITHOUT DISABILITY	45%	42%	40%	41%	40%	42%				
19-2	Reduce to 15% the numbe	r of adults	who are o	bese							
	ALL ADULTS	21%	21%	23%	24%	24%	24%				
	WITH DISABILITY	29%*	30%*	30%*	38%*	31%*	33%*				
	WITHOUT DISABILITY	19%	19%	20%	21%	22%	20%				

## Healthy People 2010 goals<sup>7</sup> & year 2010 target (cont.)

#### 21. Oral Health

Goal: Prevent and control oral and craniofacial diseases, conditions, and injuries and improve access to related services.

		2005	2006	2007	2008	2009	2010
21-10	Increase to 56% the number	er adults t	hat use the	e oral health	n care syste	m each ye	ar
	ALL ADULTS		68%		66%		61%
	WITH DISABILITY		61%*		60%*		57%
	WITHOUT DISABILITY		70%		68%		62%

#### 22. Physical Activity and Fitness

Goal: Improve health, fitness, and quality of life through daily physical activity.

	·	2005	2006	2007	2008	2009	2010		
22-1	Reduce to 20% the numbe	r of adults	who enga	ge in no leis	sure-time p	hysical act	ivity		
	ALL ADULTS	22%	19%	20%	23%	22%	22%		
	WITH DISABILITY	39%*	32%*	33%*	34%*	34%*	32%*		
	WITHOUT DISABILITY	18%	16%	16%	20%	19%	18%		
22-2	-2 Increase to 30% the number of adults who engage in regular, moderate physical activity								
	ALL ADULTS	57%		58%		48%			
	WITH DISABILITY	41%*		48%*		39%*			
	WITHOUT DISABILITY	61%		61%		50%			
22-3	Increase to 30% the number	er of adults	s who enga	age in regul	ar vigorous	activity			
	ALL ADULTS	33%		33%		36%			
	WITH DISABILITY	21%*		21%*		23%*			
	WITHOUT DISABILITY	37%		36%		40%			

#### 24. Respiratory Diseases

Goal: Promote respiratory health through better prevention, detection, treatment and education efforts.

		2005	2006	2007	2008	2009	2010
24-8	(Developmental) Track pre	valence of	asthma w	ithin state			
	ALL ADULTS	8%	8%	9%	10%	8%	9%
	WITH DISABILITY	13%*	14%*	16%*	17%*	15%*	15%*
	WITHOUT DISABILITY	6%	7%	7%	7%	6%	7%

#### 26. Substance Abuse

Goal: Reduce substance abuse to protect the health, safety, and quality of life for all, especially children.

	2005	2006	2007	2008	2009	2010			
Reduce to 6% the number of adults reporting binge drinking alcoholic beverages in the past 30 days									
ALL ADULTS	17%	16%	17%	18%	17%	17%			
WITH DISABILITY	12%*	11%*	14%	13%*	10%*	11%*			
 WITHOUT DISABILITY	18%	17%	18%	19%	19%	19%			

#### 27. Tobacco Use

Goal: Reduce illness, disability, and death related to tobacco use and exposure to secondhand smoke.

		2005	2006	2007	2008	2009	2010		
27-1a	Reduce to 12% the percent of adults smoking cigarettes								
	ALL ADULTS	19%	19%	20%	19%	17%	19%		
	WITH DISABILITY	22%	25%*	27%*	23%*	23%*	26%*		
	WITHOUT DISABILITY	18%	17%	17%	17%	15%	17%		

<sup>6</sup> Montana Behavioral Risk Factor Surveillance System, <u>www.brfss.mt.gov</u>, <u>www.cdc.gov/brfss</u>

# Beginning in 2009, the question "Are you limited in any way in any of your usual activities because of arthritis or joint symptoms?" was asked only of respondents who responded "yes" to the question, "Have you ever been told by a doctor or other health professional that you have some form of arthritis, rheumatoid arthritis, gout, lupus, or fibromyalgia?" Prior to 2009, the question "Are you limited in any way in any of your usual activities because of arthritis or joint symptoms?" was asked of all respondents.
